

# White Center Heights Park Makeover Phase II

## Improvements Coming Summer 2009

An ADA suspension style pedestrian bridge and viewing platform that preserves critical wetlands and encourages park visitors to appreciate and experience their neighborhood's natural areas.

**This section of the park  
closed for construction of  
bridge, re-opens in July**

**Thank You  
to the State of Washington  
for Phase II makeover grant  
awarded in 2007!**
